

NEXT GEN

Who We Are

Next Gen is a giving circle created by emerging leaders in our community working to identify local issues crucial to our generation such as education, arts and the environment, and supporting organizations that are effectively addressing these issues while at the same time becoming more informed about our community, grant making and philanthropy.

**IT'S OUR TURN TO
MAKE A
DIFFERENCE.**

By educating ourselves and our peers, we aim to increase the awareness of philanthropy and understanding of its importance and impact among the next generation.

What We Are Doing

Next Gen members are pooling resources, identifying and publicizing local issues crucial to our generation and supporting organizations that are effectively addressing these issues.

Our five main areas of interest are: Arts and Culture; Economic Opportunity; Education and Youth; Environment; and Health and Human Services.

Next Gen recognizes such valuable organizations and their work in these areas by honoring them with cash awards made once each year.

Next Gen Goals

- Leverage financial, social and human capital for philanthropic impact
- Increase the awareness of fund members and the community about local issues crucial to our generation
- Provide members opportunities for hands-on involvement in grant making and social investment

**Next Gen Kick Off
